

The UAS Ketchikan Maritime Department may be able to offer:

- 1) An USCG Approved QMED Oiler class this Winter/Spring Semester. Upon completing this course and achieving the necessary sea service, the USCG will issue the QMED Oiler rating.
 - a. There is a minimum number of students required. **This email is to see if AMHS can provide the needed students.** Please email contact me ASAP to sign up and ensure the class will take place! amy.wilson@alaska.gov or 907-228-7254.....
 - b. A hotel ship is available for crew who do not live in Ketchikan
 - c. Tuition shall be authorized – valuing \$5,524.00
 - d. Class Dates/Timeframe: This class is approximately three (3) months (To be scheduled – January thru end of April/early May)
 - e. After the class, sea service is needed of 120 days in a capacity equal to Wiper (may be completed in 90-120 days as evaluated by the USCG National Maritime Center)
 - f. See attached USCG Checklist for a QMED Rating (Oiler or Jr. Engineer – (2) Training programs (USCG Approved only) break in sea service....)

- 2) A two (2) week Jr. Engineer Prep class this Spring.
 - a. This course is not USCG approved. Students will need to test at the USCG Regional Exam Center and also prove sea service of 180 days in the engine room at a rating equal to 'Wiper' – see attached USCG Checklit for QMED (Oiler or Jr. Engineer) – to qualify for the QMED Jr. Engineer Rating.
 - b. Class Dates/Timeframe: This class is approximately two (2) weeks.
 - c. Two (2) sets of dates proposed – if interested, please contact me with your set of dates preference.
 - i. Proposed class dates are:
 1. MON 18 MAR-THR 21 MAR & MON 25 MAR-THR 28 MAR, or
 2. MON 01 APR-THR 04APR & MON 08 APR-THR 11 APR
 - d. Please email contact me ASAP establish your interest in the Jr. Engineer Prep class including your class date(s) preference, to ensure this class will take place on one of the proposed dates.... amy.wilson@alaska.gov or 907-228-7254.....

Thank you in advance for your time and attention to this request for QMED Oiler class and Jr. Engineer class students!
